Don't forget about your Wellness Benefit¹

Under your policy, each covered person can receive a payment for getting one covered health screening or wellness exam per year.

Simply enter the details about the health screening or wellness visit on the claim form.

Examples of covered exams and tests include (but are not limited to) colonoscopy, mammogram, EKG, and chest x-rays. Refer to your Outline of Coverage for a complete list covered under your plan.

Maximize your Supplemental Health benefits with our claims monitoring service

Our claims monitoring service helps ensure you get every benefit payment available to you under your Supplemental Health plan. At no cost to you, this service will monitor your disability claim to see if there's any services you received that are eligible for an Accident and/or Critical Illness payment. If we find an eligible claim, we'll send you a notification.

For Prudential disability claim monitoring, you do not need to take any action to receive this service. We'll review your disability claim during processing.

¹ Please review your Outline of Coverage for the list of wellness exams and health screenings. The Screening/Wellness Benefit is not available in all states.

Group Accident, Group Critical Illness and Group Hospital Indemnity Insurance coverages are limited benefit policies and are not substitutes for medical coverage that provides benefits for medical treatment, including hospital, surgical and medical expenses, and they do not provide reimbursement for such expenses.

Group Insurance coverages are issued by The Prudential Insurance Company of America, a Prudential Financial company, Newark, NJ.
