Wills - No Cost to You

A will is the cornerstone of an estate plan. Wills are legal documents that are easy to create and ensure that your assets will be distributed in accordance with your wishes after your death. A will also allows you to name an executor and a guardian to take care of your minor children. Every adult should prepare a will to protect their family.

To access your free, customized will, go to EstateGuidance.com and enter your organization's promotional code. Simply complete an easy-to-understand questionnaire then print and review your will. EstateGuidance® can also print and mail a hard copy of your will for \$14.99.

Living Wills/Power of Attorney - \$14.99

A Living Will is an advanced directive that documents an individual's wishes regarding medical treatment and nutrition in the event of terminal illness, coma or vegetative state. A health care Power of Attorney is a document whereby an individual can give a trusted family member or friend the power to make medical decisions on their behalf when he or she is unable to make such decisions.

Final Arrangements- No Cost to You

Planning your final arrangements and communicating them to your loved ones can be a difficult task. EstateGuidance® makes it easier with an interactive questionnaire.
